Explanation of Responses:

1. Stock Units are accrued under the Issuer's Nonemployee Directors' Deferred Stock Unit Plan and are payable in cash upon retirement. Accruals include an annual grant, required and elective deferral of director fees, and reinvestment of dividend equivalents. During the Reporting Period, dividends paid resulted in an increase in the number of units held.
2. Stock Units are payable in cash upon retirement in either a lump sum or five annual installments. Since normal retirement age for the Issuer's directors is the year in which they turn 65, the Date Exercisable has been calculated to be this Director's 65th birthday. In addition, since payments may be made in five annual installments, the Expiration Date has been set at five years from the Date Exercisable.
